

TAGS Newsletter January 2022

Dates to Remember

Jan. 13 – Report Cards

Jan. 17 – MLK holiday

Jan. 17 – Snowman
Fundraiser begins

Classroom News

Upcoming STEM Challenges

- Sledding Ramp – We'll learn about inclined planes, speed, & friction with this project.
- Hibernation Station – explore animal adaptations and experiment with various forms of insulation.
- Snowball Structure - Engineer the tallest possible structure using only marshmallows and toothpicks.
- Snowflake Symmetry - create the largest possible symmetrical snowflake design.

Look for more information about a TAGS field trip and TAGS fundraiser soon.

Happy New Year and Welcome Back!

A well-educated mind will always have more questions than answers.
