

# Happenings at Senatobia/Tate County CTC

## Business, Marketing, and Finance Program

This program at the CTC provides a curriculum to prepare students to enter the workforce, continue in postsecondary education, or to gain employment as a self-employed entrepreneur. It provides an excellent foundation and transition into the business, marketing and finance field.

Opportunities are provided to visit postsecondary programs and industries. See pictures of a recent visit to NWCC.

## Riley Turner Chosen By MCEF

Riley Turner, a student at Senatobia and in the construction program at Senatobia/Tate County CTC was chosen by MCEF (Mississippi Construction Education Foundation)

He was nominated by his instructor, Michael Taylor, and then selected by a committee based on his grades, attendance, discipline in class, achievements, leadership ability and post-graduate plans.
