

**STATEWIDE
ARTICULATION AGREEMENTS
FOR
CAREER & TECHNICAL EDUCATION**

Spring 2016

Eligibility

- **To be eligible for articulated credit, a student must** meet one of the following requirements:
 - Complete an articulated Secondary Career and Technical Education (CTE) Pathway and score a **70** percent (average score from Year 1 and Year 2 assessment and Performance based Assessment if applicable) or higher on the Mississippi Career Planning and Assessment System (MS-CPAS2) in their secondary program of study.
 - Participate in a Secondary CTE and successfully pass an approved, aligned national certification or credential.
- **To be awarded articulated credit, a student must:**
 - Enroll in the community or junior college within 18 months of graduation.
 - Articulated courses are transcribed immediately upon enrollment at a community college.

How Student Credit will be Documented and Shared with Colleges:

A Student Articulation Attainment Data file will be developed. The following guidelines will be followed:

1. The RCU will generate the Student Articulation Attainment Data file. Only students who are eligible for articulated credit will be included in the Student Articulation Attainment Data file.
2. The data file will be password accessible for the following Postsecondary CTE Administrators two weeks after the close of testing. Pending MDE approval, college registrars and/or admissions officers as appropriate to the institution will be included in the distribution of the data file.
3. Fields of a Downloadable Student Articulation Skill Attainment File
 - a. Secondary Career Pathway Name
 - b. Secondary Career Pathway CIP Code
 - c. College Course(s) Numbers
 - d. College Course(s) Name
 - e. MSIS Number
 - f. First Name
 - g. Middle Name
 - h. Last Name
 - i. Date of Birth
 - j. Technical Assessment Score (MS-CPAS2)
 - k. National Assessment Name

Note: It is anticipated that this data will flow through the e-transcript process once approved thereby eliminating the need for a Student Articulation Data File.

Transcripting of Articulated Credit

- Registrars' office will access the student data file to transcript the articulated credit.
- Articulated credit will be transcribed immediately upon college enrollment.
- No grade will be given on the transcript for articulated courses, only hours granted will be transcribed (thus resulting in no change in quality points).

Time Limit

- MS-CPAS2 scores or national certification or credential will be accepted to demonstrate competencies for up to 18 months after high school graduation.

Cost

- No costs will be assessed on hours earned through articulated credit.

Impact on Local Articulations

- Statewide articulations are supplemental to any articulation agreements established between a college and a local school or district. Statewide articulations provide additional avenues for students to obtain articulated credit. They do not nullify any existing local agreements.

Implementation as a Pilot

- The eligibility criteria as outlined above will be piloted for a 2 year period.
- Fall semester of 2018, student success and retention data for students articulating credit with the eligibility criteria as outlined will be examined.
- The committee will make a recommendation to keep the proposed eligibility criteria or make a recommendation to change the eligibility criteria.

2015-2016 Statewide Articulation Agreement

Statewide articulations are subject to change as secondary and postsecondary curriculum revisions occur. All articulations listed in this document are effective as of January 31, 2016 unless otherwise noted.
