

# Happenings at Senatobia-Tate County Career Technical Center

Issue 2 October 2022

This month's staff spotlight is Mrs. Jackie Roberson. She has served at the Senatobia-Tate County Career Technical Center as secretary/bookkeeper. If you ever have the pleasure of meeting Mrs. Jackie you will see why everyone thinks that she is the "BEST".

Mrs. Jackie is married to Mike Roberson. They have 6 children, 9 grandchildren and 2 more on the way. She loves family time and we are all very blessed that her family allows us to borrow her for a large part of her day!

## Community Leader speaks to business students

Gerald Legge Security and Compliance Officer at First Security Bank came to speak to the business classes about fraud, scams, identity theft, bank accounts, loans and credit reports.

Follow us on Facebook and Twitter. Links can be found on our school website at <https://www.tatecountyschools.org/6/home>

## Automotive upgrade

The Automotive classes have been able to get three new tire machines, Also transferred equipment form Perkins funds include two two post lifts, one pad lift and one four post lift, a brake lathe and a tabletop tire changing machine.

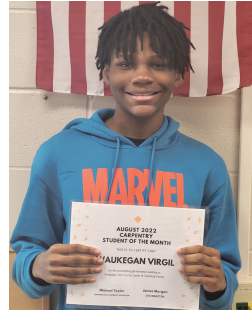

# August student of the month

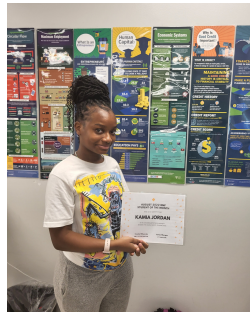

Katelynn Davis  
Health Science

Abigail Dover  
Health Science

Waukegan Virgil  
Construction

Kamia Jordan  
Business/  
Marketing

Cera Davis  
Engineering/  
Robotics

Harley Tribble  
Automotive

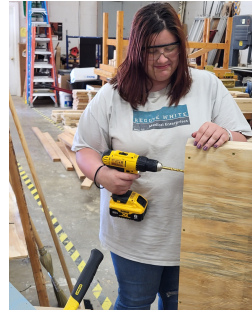

# September student of the month

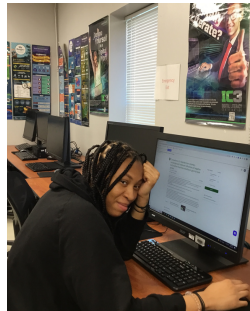

Jennifer Renteria  
Health Science

Aiden Brunetti  
Engineering/  
Robotics

Savannah Martin  
Non-traditional

Autumn Mitchell  
Business/  
Marketing

Tanner Busby  
Construction

Jayden McMullen  
Automotive

## Guidelines

An award is presented to students from each career pathway. Criteria for this award includes attendance, grades, behavior, and enthusiasm for the program

## Thank You Nissan USA

Nissan USA donated two motors for our students to have hands on experience with. A BIG thank you goes out to Nissan USA.

# CTC

## Welcomes

! We would like to welcome two new teachers who will both be teaching Family and Consumer Science. Mrs. Pringle is at IHS and Mrs. Barnes is at SHS.

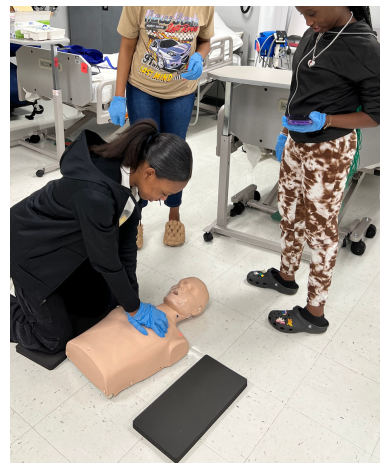

## CTC Classroom Vibes

Mrs. Pringle

Mrs. Barnes

"Hard work spotlights the character of people."

# AGRICULTURE

THE NEW  
AGRICULTURE  
ERA

## INDEPENDENCE

Independence is excited about the new agi shop for their mechanical agriculture program. To the right you will see an artist rendering of the building to be completed later this school year. Mr. Anglin's Animal Science class at Independence High School took a field trip to a local farm. Students are currently learning about animal nutrition.(Pictured on the previous page)

## STRAYHORN

Strayhorn has had their greenhouse renovated and it is ready to go. They already have several fundraisers planned for their FFA chapter. Please support them if you have a chance. Students from Dr. Conley's Animals II class at Strayhorn HS visited a dairy at MS State. to see first hand the milking process. The students were also great helping get it cleaned up and ready for the renovation.

## WHAT IS THE DIVERSIFIED AGRICULTURE?

Diversified agriculture is a four-credit pathway within the agriculture, food, and natural resources cluster. Students begin with Principles of Agriscience and then complete any two additional courses. After completing three credits, students will enroll in the Capstone course – 100 hours of set instruction and 40 hours of instructor-guided simulated work experience and work-based learning. Upon completing all four credits of the pathway, students will be designated as completers and have potentially met the requirements for two science credits toward graduation and one IHL science credit or advanced elective for postsecondary.
