

HAPPENINGS AT SENATOBIA/TATE COUNTY CAREER TECHNICAL CENTER

May 1, 2023

MCEF STUDENTS OF THE MONTH

Riley Turner, David Taylor, and Tanner Busby all received Student of the Month from MCEF (Mississippi Construction Education Foundation), Northern Region. They will be heading to Jackson for a luncheon Friday, May 5. At this time, the selection committee will select a Student of the Year from all of the monthly winners from that Region. (There are three regions in Mississippi.) That student will receive a cash prize of \$500. Their instructor, Michael Taylor, will travel to the event with them. Results will be reported in next months' newsletter.

DECA STUDENTS COMPETE IN ORLANDO, FL

Over 22,000 DECA members from all over the country were in Orlando, FL to compete in DECA Nationals. Among those were three students from Tate county: Jimiliyah Harmon, Kamia Jordan, and Makyia Black. The girls and their chaperones left Saturday, April 22 and returned Wednesday April 26. They competed in the first round of the Finals Sunday but did not make it to the second round of finals. The award session was Tuesday night, April 25. They returned on April 26. Congratulations to all who competed. Crystal Edwards is the instructor.

FFA COMPETES IN JACKSON

FFA members Johnathan Hudspeth and Fati Bah will be competing Friday, April 28th in Jackson, MS. Johnathan will compete in Senior Extemporaneous Speaking and Fati will compete in Senior Creed Speaking. Dr. Kay Conley is the instructor.

(Just updated Monday, May 1st.
Fati Bah won 1st place in
Senior Creed Speaking..)

Former Senatobia Graduates inspire Ms. Mims Cyber I and II classes.

(Left) Kalyn Cowdin, a systems Administrator with Lockheed Martin Space Systems in Colorado, talked about her position in the company as well as her role on projects such as NASA's Artemis, Orion and the military. Ms. Cowdin discussed the path she took for this career and how Ms. Mims instilled a love of technology early in her life. Ms. Cowdin graduated from Senatobia in 2013.

Lucinda Scrivener (right) from the Center for Applied Earth Science and Engineering Research (CAESAR) visited Ms. Mims' Cyber Foundations classes. The students learned about water and groundwater threats in order to prepare for a problem-solving well-building simulation. Mitsubishi Chemical America sponsored her visit. Ms. Scrivener is also a Senatobia Graduate..

Additional pictures from DECA Competition in Orlando FL

Students from DECA competed in Orlando, FL. The competition was held in the room pictured above. The students enjoyed their first plane ride to the event.
